

October 2014 P&C President's Report

It has been a fairly quiet month as we have had school holidays. Everything has been ticking over.

- We have had a meeting for next year's Fireworks night. It was decided to change the date to the following week - Saturday 23rd May, 2015. Leigh Robinson is checking with the rides people and fireworks people that this will work. I need someone for Secretary and is anyone happy to do a Facebook Page? The next meeting is Tuesday 11th November.
- Steps have been made to set up the Flexischools Tuckshop system but Gill Legge will discuss that in her report.
- Thank you to the volunteers who helped with the Rotary fundraiser last Saturday. I know Rotary were very appreciative and it was fun playing with the 'light sabers' on parking duty.
- Next P&C Fundraiser is the Six Week Challenge by Jetts. Jetts has been taken over by a new owner who is happy to do this fundraiser for us. We received no money from the previous owners for the \$10 challenge.
- A reminder about the Twilight Markets on November 21st. If you can do a stint on the night at our table, please let me know.
- The suggestion of parent representatives for each class next year, whose role is to disseminate information about school and P&C activities and help recruit volunteers for particular jobs is a welcome one. In conjunction with this, a short P&C Newsletter, specifically with updates, to be emailed to families was also mooted. This will have to be arranged and set to go for Parent Information Evenings next year. Anyone interested in helping to organise this?
