

3rd June 2015

Dear Parents/Caregivers

BUILDING FUND / FAMILY CONTRIBUTION

Thank you for enabling us to create a conducive learning environment for our children. As a vibrant School Community, we need to look to the future and to ensure that we maintain the "Albany Creek State School Parents' and Citizens Association Building Fund", so that we are able to deliver new and innovative projects to provide the students with the best possible learning environment.

With the money that you have contributed in the past, the following projects have been completed,

- **Air conditioning of all of the classrooms**
- **Upgrade of the stage area in Grayson Hall, including the installation of high quality stage curtains, increasing the depth of the stage, installation of new data projectors and motorised projection screens and new audio visual technologies**
- **Redevelopment of the embankment adjacent to the Year Six eating area**

These major achievements would not have been possible without your continued support.

The following projects have secured the endorsement of the ACSS Leadership Team, the approval of ACSS Parents' and Citizens' Association and the endorsement of the Albany Creek School Council.

- **Replacement of the second Prep playground**
- **Renovation of the Tuckshop**

As the end of the financial year approaches, we invite and encourage you to make a donation to the School Building Fund and to consider utilising the Tax Deduction option. All donations to the School Building Fund of \$2.00 or more are Tax Deductible. A receipt will be issued for each donation. Details from the Australian Taxation Office have been attached to the school website and are located under "Forms and Downloads".

If you are able to support this initiative, please include the return section of this correspondence with your donation for receipt purposes. There are four payment options: cash, cheque, credit card and direct deposit. Donations need to be made to the Parents' and Citizens' Association before June 30, 2015 to be eligible as a tax deduction for the 2015 financial year.

While each project identified is expensive, it does not lessen our enthusiasm to enhance our built environment. We are determined to provide the very best resources for the students. With your financial support these strategic goals and many others will be realised sooner than expected and your children will have greater opportunities to reap the benefits from our commitment.

If you would like to know more about the Voluntary Contribution Scheme, the Tax Deductible Building Fund or the projects listed for development, please do not hesitate to contact us.

Yours sincerely

Carly Mattea
Treasurer – P&C Association
