Principal's foreword

Introduction

This School Annual Report outlines the highlights and achievements of Albany Creek State School throughout 2015. It also provides an overview of our priorities and strategic intentions for 2016.

A synopsis of our achievements for 2015 include:

- Embedding a strong and robust platform for the review, refinement, implementation and moderation of curriculum programs to embrace the Australian Curriculum programs;
- Consolidating sustainable professional curriculum networks;
- Refining strategies to improve student's literacy and numeracy skills following intensive whole of school professional development programs;
- Delivering year level specific professional development and supporting planning initiatives for teachers and teacher aides to focus on Reading to Learn;
- Delivering considerable enhancements to the programs on offer to students in the Preparatory Year;
- Refining and consolidating ownership of inclusive practices across the campus to support the diverse range of students with disabilities who are supported through the Special Education Program;
- Consolidation of effective intervention strategies to accommodate the needs of all students;
- Planning for a significant expansion of information communication technology infrastructure to ultimately provide students with greater access to digital pedagogies;
- Targeted use of funding provided through the Investing For Success initiative to implement programs based upon detailed evidenced based decision making following comprehensive analysis of students' achievements, and;
- Capitalising on the considerable opportunities that have been extended to the school since becoming an Independent Public School.

The strategic planning initiatives of 2014 were embraced by the staff and provided the Leadership Team with the support and collegiality to ensure continued success throughout 2015.

Paul Kingston - Principal

School progress towards its goals in 2015

Student Learning Outcomes						
Expected to be completed and or embedded in 2015	D – Developing	C - Consolidating	E - Embedded	D	C	E
✓	Embed the detailed and regular analysis and use of systemic and school data to inform year level, class and individual student programs to enhance school performance.					✓
	All students to be at or above National Benchmarks in NAPLAN Reading and Numeracy.				✓	
	Increase numbers of students in upper two bands in NAPLAN in Reading and Numeracy				✓	
	Facilitate processes to establish and strive to attain year level targets commensurate with school and systemic requirements.				✓	
✓	Refine a coordinated whole of school approach to the implementation of Year Level Consistent units of work especially for English, Mathematics and Science.					✓
✓	Embed the use of shared assessment instruments, assessment matrix tools, moderation practices and shared work samples to deliver enhanced and sustainable consistency in A - E ratings evidenced in OneSchool records of academic achievement.					✓
✓	Embed Reading to Learn initiatives to enhance comprehension and fluency. Ensure Reading to Learn is a conduit to provide teachers with feedback on performance and to consolidate classroom observations and sharing of quality practice.					✓
✓	Enhance the School Assessment Matrix to include the refinement of Pat R, the use of effect size data and the elimination of instruments no longer deemed appropriate to make informed judgements on student performance.					✓
✓	Refining processes for each student to have a meaningful reading goal that is reviewed regularly and is supported by genuine, immediate and specific feedback to the student.				✓	
✓	Consolidate the considerable work undertaken to build a vibrant Early Phase within the school.					✓
✓	Scaffold practices to assist teachers in Prep – Year Two to embrace Early Start assessments.				✓	
✓	Provide the necessary funding to reprioritise Early Intervention Programs responsive to the identified needs of beginning Preparatory Year students.					✓
✓	Ensure that the work of the Support Teachers Literacy and Numeracy to compile student profiles is available via OneSchool. Processes will need to be embedded to maintain the data and to ensure it is used in conjunction with planning for differentiated learning opportunities.					✓
✓	Ensure the appointment of a second 'strategic curriculum support officer' to assist with the saving of student data to OneSchool				✓	
✓	Continue the implementation of the refined paradigm for the operation of the Support Teachers Literacy and Numeracy.					✓
	Refine electronic monitoring processes to chart the progress of individual students.				✓	

✓	Refine the operation of the School Support Committee to ensure it remains responsive to student, staff and parent / caregiver needs.			✓
✓	Prioritise the collation of "entry and exit" data to inform the effectiveness and continuation of intervention programs. Ensure that all such data is available to teachers in a timely and electronic format.			✓
✓	Maintain strong accountable processes to deliver responsible student behaviours.			✓
	Develop a school wide policy and supporting recommendations to provide genuine immediate and specific feedback to students on their performance.		✓	
✓	Strengthen educational outcomes for students with a disability.			✓
	Place increased emphasis on Closing the Gap in educational outcomes for Indigenous students through a particular focus on achievement, attendance and retention.		✓	
	Continue reflection upon the recommendations from Teaching and Learning Audits and headline Indicator data to inform and refine teacher practice.		✓	
	Workforce Planning and Deployment			
✓	Ensure processes are in place to respond to an aging teaching force, the inevitable retirement of staff and the transfer of staff in accordance with latest systemic initiatives.			✓
✓	Align the allocation of professional and para-professional staff to meet learning needs.			✓
✓	Refine induction processes to ensure all newly appointed colleagues are informed and confident in gaining access to and support from staff so that they can understand and implement school policies.		✓	
✓	Support the leadership aspirant program.			✓
✓	Consider support for Regional coaching opportunities.		✓	
	Staff Performance and Development			
	Maintain a strong commitment to professional development initiatives that lead to the implementation of effective pedagogies and an informed analysis and accurate interpretation of data to identify subsequent school, year level and class priorities.		✓	
✓	Support and empower expert year level teaching teams to develop and demonstrate a shared ownership of the school improvement agenda, a commitment to implement all school programs and responsiveness to qualitative reporting on student progress.		✓	
	Develop a mentoring and coaching program providing feedback.		✓	
✓	Ensure the continuation of open non-judgemental dialogue through the various school forums and planning activities that bring staff together to maximise school performance.		✓	
	Accelerate the implementation of the timetable for professional dialogue to develop Performance Development Plans for all staff.		✓	
	Provide increased opportunities for staff members who are willing to take on coordination and leadership responsibilities especially those associated with year level curriculum decision making.		✓	
	Provide leadership, direction and support to assist staff to embrace Indigenous education studies and subsequent support for students in identified minority target groups.		✓	
	Maintain a commitment to enhance the leadership and coaching skills of the School Leadership Team.		✓	

Financial Planning and Management				
	Continue the implementation of process to embrace OneSchool financial management practices.		✓	
	Continue to refine financial management practices to maximise available allocations for curriculum initiatives.			✓
	Implement measures to minimise the impact of escalating utility charges and uncertainty pertaining to grant allocations.		✓	
	Continue to support the financial activities of the Parents and Citizens' Association.			✓
	Refine procedures to embed global school budgeting procedures.		✓	
	Strive to ensure increased alignment of expenditure to address needs.		✓	
	Ensure leadership density is increased in this key area of school operations.		✓	
Other School Priorities				
	Maintain the commitment to marketing the school.			✓
✓	Reinforce the importance of enrolment retention and our commitment to quality public education for all.			✓
✓	Ensure currency of the school web site and inclusion of additional features to meet the needs of a technologically sophisticated school community.			✓
	Minimise disruptions to quality teaching time.		✓	
	Ensure the development of a long term grounds and facilities strategic plan that encapsulates enhancing the school's environmental footprint and addresses the need to revegetate sections of the school.			✓
	Enhance school facilities by supporting the strategic initiatives already identified, by working with Facilities Account Managers and others to initiate special projects and by embedding a culture of care for the built environment.		✓	
	Maintaining a commitment to a managed Information Communication Technology plan that coordinates a sustainable roll out and replacement schedule for learning technologies.		✓	
	Continue strategies to reduce ecological footprint.		✓	

Future outlook

Core Priority: Reading Actions

- Refine the alignment of the effective teaching of English to the school's Curriculum Blueprint and Pedagogical Framework.
- Refine the consolidation of Reading to Learn (R2L) and Learning to Read initiatives through the targeted use of Investing for Success and IPS funding as documented.
- Support high levels of staff professional development and coaching including scaffolding to facilitate the inclusion of R2L lessons in scheduled C2C units of work aligned to the Australian Curriculum and associated standards.
- Embed R2L pre-tests into each of the scheduled C2C English units.
- Consolidate Reading to Learn professional development in collaboration with colleagues at other schools. Maintain Metropolitan Regional R2L networks and support teacher inclusion in Regional unit development activities.
- Ensure that each member of the Leadership Team and all teachers and teacher aides have an opportunity to complete the R2L training in 2016 if they were unable to do so in 2015. This training to include a second training program for at least one representative per year level. This training to be supported by Leadership Team attendance. All new staff to be provided with access to the full training package.
- Promote and refine ongoing discussions of school targets generated from systemic and school generated data especially 'headline Indicator' data and NAPLAN SQSS 2015 data.
- Refine teachers' "Professional Development Goals" to ensure purposeful professional development and training initiatives are delivered and are congruent with reading and writing initiatives: Reading to Learn, Student Reading Goals Fluency Matrix and comprehension.
- Refine process to monitor the attainment of targets and goals. Refine models for the setting of individual student reading goals.
- Align the setting of goals to the individualised "bookmark" reading goals.
- Provide extensive professional development supported by regular coaching and mentoring activities to embed whole of school focus on reading including how to complete running records and how to effectively save and retrieve data using the OneSchool platform.
- Maximise the use of flexible staffing and IPS staffing credits to contract experienced R2L trained teachers to provide additional targeted intervention.
- Align the actions and initiatives of the STLaNs to focus on reading demonstrating a resilience to embed the school's changed paradigm for support provisions and completing running records.
- Facilitate high levels of teacher input and curriculum leadership into the development of each C2C Unit Resource Book.
- Refine the implementations of School Wide Reading Fluency assessment in accordance with School's Reading Fluency Matrix with data recorded on OneSchool.
- Embed PM Reading Records for students in P – 3 and Probe Running Records for students in Years 4 – 6. Support the implementation of running records through professional development activities and instructional leadership.
- Refine and schedule Pat R initiatives and data interrogation making use of the two 'executive curriculum support staff'.
- Scaffold Early Years inventory for Prep, Year One and Year Two with an increased focus in 2016 on data interrogation to inform decision making.
- Engage parents and caregivers via parent teacher evenings and school communications and forums. Communicate to them the availability of data on their children's reading achievements.
- Seek additional information pertaining to the QParents trial.
- Continue the develop of school specific OneSchool applications to record data and to facilitate interrogation of cohort and school achievements and include fields to ensure these can be viewed on the Dashboard.
- Ensure the allocation of funds to support the acquisition of desirable reading materials and to facilitate strategic initiatives including Home Literacy Program.
- Provide the ICT infrastructure and professional assistance to support online learning and the easy entry of data on student achievements.
- Continue networking with reference groups and sharing of practice.
- Consider funding for a master teacher.

Core Priority: Writing Strategies

- Align the school's Curriculum Blueprint and Pedagogical Framework to the effective teaching of writing.
- Employ strategies detailed in the Albany Creek State School Literacy Action Plan; especially those associated with Reading to Learn (R2L) and Learning to writing initiatives.
- Support high levels of staff professional development including ongoing school based support to facilitate the inclusion of Reading to Learn lessons in scheduled C2C units of work that detail specific writing expectations each day, week and month.
- Deliver the eight day Reading to Learn professional development program for new and returning staff. This is key school wide explicit teaching initiative to refine pedagogical practice to deliver enhance student achievements in writing.
- Ensure that each member of the Leadership Team and all teachers and teacher aides have an opportunity to continue their learning with Professor David Rose as noted in the Reading to Learn survey responses.
- Promote and refine ongoing discussions of school targets generated from systemic and school generated data. Align these discussions to individual discussions with teachers when developing their performance plans.
- Encourage the use of the writing marking guide and the monitoring of six students in accordance with the recommendations set as part of the Reading to Learn program.
- Provide extensive professional development supported by regular coaching and mentoring activities to embed whole of school focus on writing.
- Align the actions and initiatives of the STLaNs to focus on writing demonstrating a resilience to embed the changed paradigm for support provisions.
- Develop school specific OneSchool applications to record data and to facilitate interrogation of cohort and school achievements.
- Celebrate student and school achievements.

Core Priority: Spelling Actions

- Support the initiatives of various year level teams to develop and implement a year level specific spelling program based upon Reading to Learn (R2L) programs
- Align the school's Curriculum Blueprint and Pedagogical Framework to the effective teaching of spelling and related language activities.
- Incorporate the learnings from the whole of staff inclusion on the Reading to Learn program to embrace the explicit teaching of spelling as embodied in the Reading to Learn process.
- Respond to areas of concern identified following analysis of NAPLAN data and individual item analysis.
- Implement processes to respond to the refinement of the C2C spelling programs to generate increased staff acceptance across all year levels.
- Capture year level specific C2C lessons and schedule through OneSchool Custom Units as part of the English KLA.
- Facilitate the inclusion of spelling words that promote mathematical and scientific literacies.
- Link strategies to "warm-ups".
- Align Year level support programs to focus on improved spelling performance.

Core Priority: Numeracy Actions

- Respond to the ASAA recommendation to enhance practices to identify and track student performance especially numeracy understanding and competencies.
- Consider the design and implementation of a set of school based instruments to schedule and record in OneSchool.
- Provide additional targeted resources and teacher / Leadership Team support.
- Relate Curriculum Blueprint and school developed pedagogical framework to the effective teaching of mathematics.
- Embed Australian Curriculum Program Mathematics via Curriculum into the Classroom units of work and specific school elaborations including unit activity books for each unit of work P – 6.
- Ensure the scheduling of all units of work.
- Incorporate 20 Questions for Years 3, and 5 via OneSchool Custom Unit embedded in mathematics KLA OneSchool Timetable
- Link strategies to “warm-ups”
- Facilitate high levels of teacher input and curriculum leadership into the refinement of C2C Unit Resource Books that have replaced text books.
- Promote mathematical literacy and the inclusion of mathematical vocabulary into the weekly C2C Spelling program.
- Engage the parents and caregivers via parent teacher evening presentations and similar forums.
- Analyse NAPLAN data in collaboration with classroom teachers and STLaNs so that they can link findings from the analysis to their teaching strategies.
- Provide professional development to improve teacher knowledge of mathematics, investigating how students learn and how they transfer mathematical knowledge and skills.
- Provide opportunities to improve teacher understanding of numeracy across the curriculum so as to enhance student knowledge and critical thinking.
- Improve assessment practices for mathematics and support teachers to build OneSchool class mark books.
- Mandate the scheduling of selected and contextualised C2C summative assessment tasks and the subsequent recording of students levels of achievement in OneSchool to facilitate moderation practices.
- Provide high levels of support for school coordinated moderation activities at the end of each unit of work.
- Increase significantly the availability of practical learning resources and the subsequent enhancement of management practices to locate teaching learning aids.
- Continue support for the development of year level specific flip chart resources to be used in conjunction with C2C and ensure these become part of scheduled custom units where applicable.
- Provide the ICT infrastructure and professional assistance to ICT related learning opportunities.

Core Priority: Science Strategies

- Relate Curriculum Blueprint and school developed Pedagogical Framework to the effective teaching of science.
- Consolidate the implementation of the school science program while responding to C2C developments and need for school specific modifications.
- Review the new program following the release of the Australian Science Curriculum Program and the updated C2C units.
- Ensure refinement of year level specific C2C units of work with scheduled assessment tasks to facilitate year level moderation practices.
- Promote scientific literacy and the inclusion of scientific vocabulary into the weekly C2C Spelling program.
- Resource the science room and the four unit resource boxes for each year level.
- Continue special activities between Albany Creek State School and Albany Creek SHS to transition primary scientist to secondary education and to prepare for transition of Year Six students to High School.
- Link the initiatives of the school Differentiation Committee to Science G&T activities including robotics by activating the robotics kits.
- Raise the base level of science education by increasing opportunities for all students to be engaged with science to increase their understanding of the natural world.
- Describe the range of understandings and skills teachers require to implement best practice in science teaching including increasing the use of interactive science activities that are relevant in a technologically sophisticated world.
- Provide examples of learning activities which integrate ICTs into science.
- Support established practices to bring scientists into the school.
- Develop year level specific flip chart resources to be used in conjunction with IWBs and the release of the Australian Science Program.

Core Priority: Attainment – Focus on Improvement Strategies

- Respond to and implement strategies to embrace the salient recommendations from the ASAA review especially those pertaining to developing a clear appreciation of students' mathematical competencies.
- Promote and support the continuous instructional leadership responsibilities of the leadership Team as evidenced by regular classroom commitments.
- Develop a great understanding of the tools and data used to inform the headline indicators.
- Interrogate what has led to the school being recognised as a high achieving school.
- Relate Curriculum Blueprint and school developed Pedagogical Framework to the effective teaching; especially those strategies detailed in class charts promoting the Gradual Release of Responsibility.
- The Leadership Team is making use of systemic and school data to identify specific areas for improvement.
- Revisit and reinforce these targets regularly especially through year level forums and moderation activities.
- Ensure school planning processes and documents reflect system priorities, performance data and school priorities.
- Ensure that the four priorities identified in the Curriculum Blueprint remain the focus as these are the key strategies of the "Main Game".
- Ensure the school is focussing on the core learning priorities and strategies.
- Ensure that the Leadership Team is making use of systemic data.
- Ensure school planning documents identify targets for school and student improvement and address system and local priorities. Revisit and reinforce these targets regularly and share with the wider school community.
- Ensure school planning processes and documents reflect system priorities, performance data and school priorities.
- Continue discussions pertaining to the components of and interrelatedness of the nine domains in the School Review Framework.
- Focus on those domains where a deeper understanding of quality teaching and learning practices is required.
- Promote OneSchool as a conduit for bringing together the key underpinnings embodied in the audit tool.

High Quality Teaching Practices Strategies

- The Leadership Team and all members of the teaching staff are informed and committed to demonstrate high quality teaching characterised by:
 - high expectations of all students;
 - deep knowledge of learning areas and pedagogical practices;
 - targeted teaching in response to students' specific needs and context, and;
 - continuous monitoring of student achievement and the need for a safe, supportive, inclusive and disciplined learning environment.
- The continued development of School Support Committee practices to plan for strategic support for areas of need across the school;
- record actions taken to differentiate for individual students (Use of One School – Specific Educational Requirements tab);
- record recommended provisions/adjustments for individual students (Use of One School – Specific Educational Requirements tab).

Collaborative Practices Strategies

- Albany Creek State School is enlisting the collaborative capacity of colleagues. The leadership teams from likeminded schools are facilitating professional development activities to support the delivery of the Australian Curriculum programs and the implementation of Curriculum into the Classroom. These activities, including Master Classes are supporting instructional leadership practices.
- The Deputy Principals from local schools meet to operationalize shared curriculum priorities.
- Support staffs, including STLaNs are also meeting.
- Albany Creek State School has networks with other schools and corporate entities to enlist collaborative capacity.
- The Principal is supportive of other networks including those endorsed by the Assistant Regional Director.

Consistent Pedagogical Practices Strategies

- The school is making use of examples of high quality pedagogical practice in core learning priorities through professional development, resources (including video vignettes), teacher networks, class visitations and observations and through the support provided by key personnel.
- Coaching and mentoring in our core learning priorities is being provided by members of the Leadership Team and key personnel including external consultants especially in targeted learning areas.

Evidenced Based Decision Making Strategies

- The School is making use of performance data.
- This data is analysed to inform whole-school and individual student improvement strategies.
- Our teachers routinely use data to inform, monitor and review their classroom teaching practices and contribute to whole-school strategies to assist in identifying and addressing student learning needs.
- Embed established improvement strategies and targets to monitor student and school improvement.
- Promotion of OneSchool as the single point of entry and the single point of truth.

Instructional Leadership Strategies

The leadership Team is committed to instructional leadership delivered through:

- Focussing on core learning priorities;
- Prioritising school business to deliver quality curriculum;
- Maintaining a focus on student achievement and the improvement agenda;
- Promoting exemplars of pedagogical practice;
- Providing immediate and specific teacher feedback;
- Implementing school structures to embed quality assessment;
- Monitoring the health of the organisation and maintaining a “balance” to ensure work expectations do not impact negatively upon staff wellbeing, teacher commitment and ultimately school performance;
- Coaching and mentoring for school leaders;
- Continuing to develop staff leadership, through teachers’ self-nomination to gain “expert” knowledge and skills in curricular areas;
- Implementing programs and maintaining networks that strengthen the quality of leadership in the school and develop a collaborative organisational climate, and;
- Provide professional development for staff in disability specific aspects of curriculum planning.
- Ensuring that members of the leadership team participate in professional development activities and demonstrate a commitment to model desirable teaching practices in support of key school and systemic priorities.

Core Priority: Whole of School Approach to Curriculum Delivery Strategies

- Provide extensive support for Year level Coordinators, Year Level R2L Coordinators and year level OneSchool Coordinators.
- Relate Curriculum Blueprint and school developed Pedagogical Framework to effective teaching.
- Implement a School Resource Scheme to support the implementation of the Australian Curriculum Programs for English, Mathematics and Science.
- Skill and support teachers in the most effective use of the OneSchool platform to consolidate the practices of cohesive interdependent teams.
- Implementation of the OneSchool timetable module.
- Ensure C2C is the overarching priority.
- Reinforce the responsibilities of the Leadership Team to provide the highest levels of collegial support for teaching teams.
- Realign year level meeting structures and linkages to weekly Leadership Team Meetings.
- Ensure Leadership Team Meetings aggregate and synthesize issues pertaining to the implementation of the Australian Curriculum Programs.
- Commit the Leadership Team to working with teachers in classrooms and to teaching activities supporting instructional leadership responsibilities.
- Ensure that the actions of support staff are aligned to the Curriculum Plan.
- Lesson design - I do, We do, You do - Explicit instruction.
- Lower and higher order thinking - WALT & WILF.
- Warm ups - moving knowledge from short term to long term memory.
- Differentiated practices.
- Feedback to students – genuine, immediate and specific.
- Timetables - displayed and followed.
- Purposeful displays - colourful, creative, current and concise.
- Bookwork - appropriately presented, corrected and annotated.
- Routines - established and practiced.
- Effective behaviour management.
- Positive tone and productive relationships.
- Sharing of professional practice.

Core Priority: Attendance**Actions**

- Refine and implement strategies in response to the growing number of private education providers entering the area.
- Consolidate school management practices to embed the imperative to maintain and increase enrolments.

Core Priority: Closing the Gap between attendance and outcomes of indigenous and non-indigenous students**Actions**

- Support the Regional priority to ensure that all students in the target group attain desirable reading outcomes.
- Embrace the Closing the Gap initiative to address the difference between the learning outcomes of Indigenous and non-Indigenous students.
- Ensure that attendance of target group is equal to or better than the cohort group
- Access systemic and local resources and the knowledge and expertise of local cultural leaders.
- Ensure allocations to deliver specific initiatives including support for Regional activities including online learning.

School Priority: Information Communication Technologies**Actions**

- Commit to the expenditure of significant funds to replace the entire wireless network.
- Commit to the broadband upgrade project.
- Monitor developments pertaining to NAPLAN online trials.
- Realign the placement of tables and laptops to more effectively support the development of key competencies as outlined in ACARA statements.
- Secure additional funding to bring forward purchases in the event that NAPLAN online seems to be a possibility.
- Allocate flexible staffing to implement coding and other digital pedagogies in Years 5 and 6 and provide support for students to have access to Scratch.
- Allocate flexible staffing for a senior teacher to be released for .2FTE to develop school specific key competency stable and associated teaching materials.
- Liaise with the Regional System Technicians and Regional ICT Manager to plan for the inevitable upgrade of the core located in the central data cabinet.
- Support those actions to improve teachers' skills and confidence to embrace the OneSchool platform, to deliver C2C initiatives and to promote OWA opportunities.
- Provide support for the HotShot professional development initiatives requested by staff.
- Support implementation of OneSchool Timetable module.
- Support the tablet – iPad initiative for Special Education Students, teachers in the junior school to embrace Early Start and for identified year level curriculum projects.
- Replace and expand the laptop program utilized by Year Five and Year Six teachers.
- Implement an iPad program for the Library and Prep.
- Model the use of ICTs at all possible forums not just those associated with classroom learning.
- Improve learner, parent and teacher engagement and achievement through flexible ICT delivery.
- Enhance current infrastructure to improve access to ICT resources and data banks.
- Enhance the use of C4T computers.
- Continue with the replacement program for classroom data projectors connected to interactive white boards.
- Secure support to seek inclusion in the Departmental Program to replace wireless

infrastructure.

- Expand the opportunities for online learning.
- Provide professional development, training coaching and mentoring to engage staff in priority curriculum related applications.
- Support members of the P&C and their sub-committees by providing access to and support in the use of ICTs.
- Support SEP initiatives to align differentiation strategies to ICT possibilities.
- Consolidate partnerships with business to plan for the upgrade and replacement of IWBs and possible installation of an electron school sign.
- Ensure budget allocations are made to deliver the long-term upgrading of ICT infrastructure to minimise any constraints on curriculum delivery.
- Develop a schedule for the reporting on Design and Digital Technologies and ensure that report card comments are aligned to exemplars, guides for making judgment and reflect ACARA statements.

School Priority: Related Priorities

- Prepare for the development of an Enrolment Management Plan.
- Implement QParents in Terms 2 and 3 with all functions available including behavior by the start of 2017.
- Develop school based practices to 'brand' ACSS productions and promotional materials.
- Expand the use of social media platforms to inform and engage members of the school community while being mindful of corporate policies pertaining to the use of such platforms.
- Appreciate that digital distractions are a part of the school and community and need to be managed not ignored.
- Consolidate the linkages with the local high school.
- Implement a significant overhaul of practices to elevate support for and the importance of the Instrumental Music program. Align this immediate need to a key responsibility delegated to a member of the School Leadership Team. Provide additional administrative support to improve the effective management of school based practices.
- Maintain the commitment to marketing the school by challenging assumptions and asking what are parents and caregivers actually looking for when selecting a school.
- Reinforce the importance of enrolment retention and our commitment to quality public education for all.
- Continue the commitment to ensure currency of the school web site and inclusion of additional features to meet the needs of a technologically sophisticated school community. Continue the dialogue with Web Services to construct a new Sharepoint 13 website in second semester 2013 so as to embrace QSchools.
- Minimise the constant disruptions to quality teaching time.
- Ensure the development of a long term grounds and Facilities Strategic Plan that encapsulates enhancing the school's environmental footprint.
- Enhance school facilities by supporting the strategic initiatives already identified, working with Facilities Account Managers and others to initiate special projects and by embedding a culture of care for the built environment.
- Maintaining a commitment to a managed Information Communication Technology plan that coordinates a sustainable roll out and replacement schedule for learning technologies.
- Continue strategies to reduce ecological footprint.

School Priority: School and Community Strategy

Participation:

- Enhance the presentation and engagement delivered through school assemblies with a particular focus on the social skills program and the acknowledgement of responsible student behaviours.
- Implement QParents in Terms 2 and 3 2016 with all functions available including behaviour by the start of 2017.
- Continue the dialogue with Web Services to construct a new Sharepoint 13 website in second semester 2016 so as to embrace QSchools.
- Expand the use of social media platforms to inform and engage members of the school community while being mindful of corporate policies pertaining to the use of such platforms.
- Appreciate that digital distractions are a part of school and community and need to be managed not ignored.
- Provide opportunities to participate in a variety of ways, times and places.
- Acknowledge and value parent and community participation in student learning.
- Explore and research ways as to how parents, caregivers and community members can participate in school activities due to the changing structure of our society.
- Continue to support systemically organised as well as school initiated volunteer programs.
- Ensure up to date communication process to provide timely notice to parents and caregivers so they can plan ahead to take an active role in school sponsored activities.
- Continue the various strategies to celebrate success, events of significance and to acknowledge achievements.
- Maintain a focus on genuine participation while monitoring the actions of a few who confuse overbearing intrusions with genuine participation.

Decision Making:

- Providing opportunities for relevant open consultation at all levels to ensure authentic decision making processes reflect local needs.
- Ensure that executive members of the P&C and School Council are skilled and valued for the contributions that they can make to school decision making processes.
- Support P&C Queensland sponsored training and development activities.
- Continue the use of survey monkey tools to provide simple but effective opportunities to parents and caregivers to participate in decision making processes.
- Liaise with Aboriginal and Torres Strait representatives.
- Explore additional opportunities for students to be involved in the processes managed by the Student Council.
- Ensure that existing decision making forums and process for the staff are supported and their contributions are valued and celebrated.

Community Collaboration:

- Ensure that the school is a hub in the local area.
- Provide increased opportunities for school facilities to be made available to the community.
- Promote the importance of having each school in the local area a 'Great School'.
- Enlist local expertise to support key initiatives.
- Identify Aboriginal and Torres Strait Islander communities and individuals.
- Extend the network and liaisons with relevant health professionals to support the comprehensive work of the School Support Committee.

Learning Partnerships:

- Promote and build an appreciation that learning is not limited to the classroom.
- Harness the power of home and community to help cultivate a holistic learning environment.
- Identify strategies so teachers and parents work together to help children learn.
- Enhance community, industry and business knowledge to build stronger partnerships.
- Enhance the already strong relationships with local childcare providers.
- Provide practical literacy and numeracy activities that involve parents in homework.
- Provide parent/teacher workshops targeting areas of need or interest.
- Refine practices and procedures to support transitions between early childhood education and care facilities and school and transition of students to secondary school.

Communications:

- Promote effective communication between parents, caregivers, members of the wider school community to build stronger partnerships.
- Demystify the confusion that can occur when school and education specific language is used.
- Ensure information and details on students' progress are shared in a positive and meaningful way.
- Clearly articulate shared expectations about school priorities.
- Continue to build stronger partnerships with local business and community groups.
- Expand the use of technologies to inform and engage parents and caregivers, including newsletters, websites and appropriate social media networks.
- Ensure the currency of school calendars and web site pages.
- Monitor the possible needs to communicate with families from non-English speaking backgrounds.
- Review school induction practices to highlight the importance of communications with parents, caregivers and members of the wider community.
- Consolidate our culture of high expectations.

Our school at a glance

School Profile

Coeducational or single sex: Coeducational

Independent Public School: Yes

Year levels offered in 2015: Prep Year - Year 6

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2013	808	365	443	18	97%
2014	834	371	463	16	97%
2015	782	369	413	15	98%

Student counts are based on the Census (August) enrolment collection.

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

Characteristics of the student body:

Albany Creek State School is predominately an English speaking school community. Less than 2% of the students come from Aboriginal and Torres Strait Islander background.

Those members of the school community who have immigrated to Australia have come from Oceania, North-West Europe, Southern and Eastern Europe, Southern and Eastern Europe, South-East Asia and Sub-Saharan Africa. These families make up a relative small percentage of the school community.

A significant percentage of the parents and caregivers and those resident in the area have post school qualifications. The predominant occupations for these persons include Professionals, Clerical and Administrative Workers, Managers, Technicians and Trades Workers, Sales Workers and Community and Personal Service Workers.

Albany Creek has a comparatively stable occupancy with more than 80% of persons living in private dwellings.

There is a high degree of community participation in school and community activities. A small percentage of children are supported through the English is Second Language (ESL) Program.

Average class sizes

Phase	Average Class Size		
	2013	2014	2015
Prep – Year 3	22	23	22
Year 4 – Year 7 Primary	26	26	25

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2013	2014*	2015**
Short Suspensions - 1 to 5 days	11	9	7
Long Suspensions - 6 to 20 days	0	2	1
Exclusions	0	1	0
Cancellations of Enrolment	0	0	0

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Curriculum delivery

Our approach to curriculum delivery

Albany Creek State School is a school of opportunities. Through the efforts and endeavours of the staff and the parent body the students are provided with access to many exciting activities. The students are encouraged to participate in extracurricular activities including a comprehensive excursion, camping and tour program.

The majority of extracurricular activities occur on campus, however, an increasing number of opportunities are being provided for students to represent their school in various subject disciplines.

Extra-curricular activities

- School Leadership Roles and Responsibilities;
- PAL Leadership Program;
- Year level support and extension programs;
- Online extension activities;
- Inter-school mathematics challenges;
- Student Council activities;
- Chess Club;
- Super Workers Club;
- Community participation activities e.g. School Winter Carnival, Kerribee School Concert, Bush Dances, discos for lower, middle and senior school students, and;
- Music extension program and performing arts activities including:
 - ✓ instrumental Program (includes lessons in Strings, Woodwind, Brass and Percussion);
 - ✓ concert Band;
 - ✓ string ensemble;
 - ✓ inter-school music competitions;
 - ✓ school choirs – Choir;
 - ✓ inter-school music camps and,
- Inter-School Sports Program for Years Four, Five and Six in the North District Sports.

How Information and Communication Technologies are used to improve learning

(ICTs) are very much a part of everyday situations. In keeping with corporate expectations Albany Creek State School provides learning and assessment opportunities that allow the students to inquire, create and communicate with ICTs, and to use ICTs safely and responsibly to manage, store and locate information.

We refer to Information Communication Technologies as those items of hardware, software, peripheral devices and digital systems that enable data and information to be managed, stored, processed and communicated.

The students are involved in a variety of learning environments that make use of ICTs. These included class lessons that harness the power of the interactive white boards that are installed in each class room and specialist learning environments. These technologies enable the class to make use of the Internet to engage in online learning. Such technologies also allow the children to become directly involved in the development, delivery and reflection upon lesson content and learning outcomes. Initiatives of teachers to explore the opportunities provided through Classflow are expected to significantly increase student engagement and the development of powerful opportunities for learning and discovery.

By making use of these technologies the students can develop the knowledge, skills and capacity to select and use ICTs to inquire, develop new understandings, transform information and construct new knowledge for a specific purpose or context.

Access to class room computers and the opportunity to access computer laboratories makes it possible for the teachers to engage the students to communicate with others in an ethical, safe and responsible manner. In this way they are able to develop understandings of the impact of ICTs on society.

Through year level specific unit planning processes the teachers can apply ICTs as a tool to assist students to become competent, discriminating, creative and productive users of ICTs.

At Albany Creek State School we have integrated ICTs in a variety of ways within and across all key learning areas to support thinking, learning, collaboration and communication.

At Albany Creek State School it is important to explore and use ICTs in the processes of inquiry across key learning areas. The students are provided with opportunities to develop their creativity using ICTs and to communicate and inform using these technologies. This helps them to learn how the use various ICTs are impacting upon their way of life.

It is important for our students to understand the role of some ICTs in society. This includes teaching to help develop and apply ethical, safe and responsible practices when working with ICTs in online and stand-alone environments. In collaboration with local schools Albany Creek State School supports Cyber Safety Education programs to help the students to develop and apply basic protocols and practices for safe, secure and responsible use of ICTs.

The school has a sophisticated ICT platform. The skills and ongoing professional development and training undertaken by the staff are critical for the delivery of effective and meaningful digital pedagogies that prepare our students to live and contribute significantly to a technological world.

The iPads and laptop program continues to be enhanced significantly to support classroom learning opportunities and to assist students with specific learning disabilities.

The Early Start Program necessitated the acquisition of iPads for Prep teachers. As Year One and Year Two teachers have embraced this corporate opportunity, they too have been provided with iPads to facilitate the immediate and efficient aggregation of data to make strategic evidenced based decisions to inform teaching and student support initiatives. Similarly, Year Three teachers have been provided with iPads for equally important instructional activities.

Social Climate

Albany Creek State School has a very caring and supportive school climate. The school has a coordinated network or support provisions that encompass pastoral care programs, student support and staff support. The delivery of these programs has been increased significantly with the School's accreditation of Independent Public School status and the provision of greater Results Guarantee Funds made available directly to schools.

Much of the success of these programs is attributed to the leadership of the School Support network and the ongoing and immediate responsiveness to requests and concerns tabled at the regular meetings of the School Support Team.

Key components of these programs are explained in this supporting graphic.

It is our belief that these programs and the genuine partnerships that exist between home and school have much to do with the commendable behavior of the students and the ability of the teachers to create and sustain pleasant learning environments.

A clearly articulated Responsible Behavior Program is in place; Our Buzzza Program.

This program has been highly successful as evidenced by the feedback from parents, caregivers, staff and students.

A common 'meta-language' pertaining to desirable behaviours has been embedded across the school. The students actively strive to demonstrate commendable behaviours. It is our belief that *"at Albany Creek State School we no longer tell children how to behave, we teach them to be responsible and to be accountable for their own behaviours"*.

95% of students believe that behaviour is well managed at their school.

At Albany Creek State School expectations for respectful, responsible and safe learner behaviours are set at the time of enrolments. Expectations are revised and explicitly reinforced through various forums including Junior School and Senior School Assemblies that incorporate social skills sessions. Whole School Assemblies that act as a conduit to celebrate students' achievements and the upholding of school and community values and expectations. Assemblies are whole of school explicit teaching opportunities that engage and empower students, staff, parents and caregivers.

The role of the School Chaplain is considerable. The school community supports the employment of a School Chaplain for an additional day to supplement the Australian Government sponsored employment. The school Chaplain presents on assembly, interacts with the students during recess and assists with the coaching of sporting teams.

The Chaplaincy Program enhances the educational opportunities on offer and does much to promote Albany Creek State School as a “school of opportunities”. The program also provides connections with local schools.

Cyber safety is a growing community concern. The school has incorporated actions into the Responsible Behaviour Program to support students, staff, parents and caregivers. These actions and related initiatives are providing the students, parents, caregivers and staff with the knowledge, understanding and skills to manage cyber related challenges.

Parent, student and staff satisfaction with the school

Albany Creek State School is highly respected in the local community. As the oldest school in the area it has a strong sense of purpose underpinned by an established culture and an ethos that values the involvement of parents and caregivers in their children learning

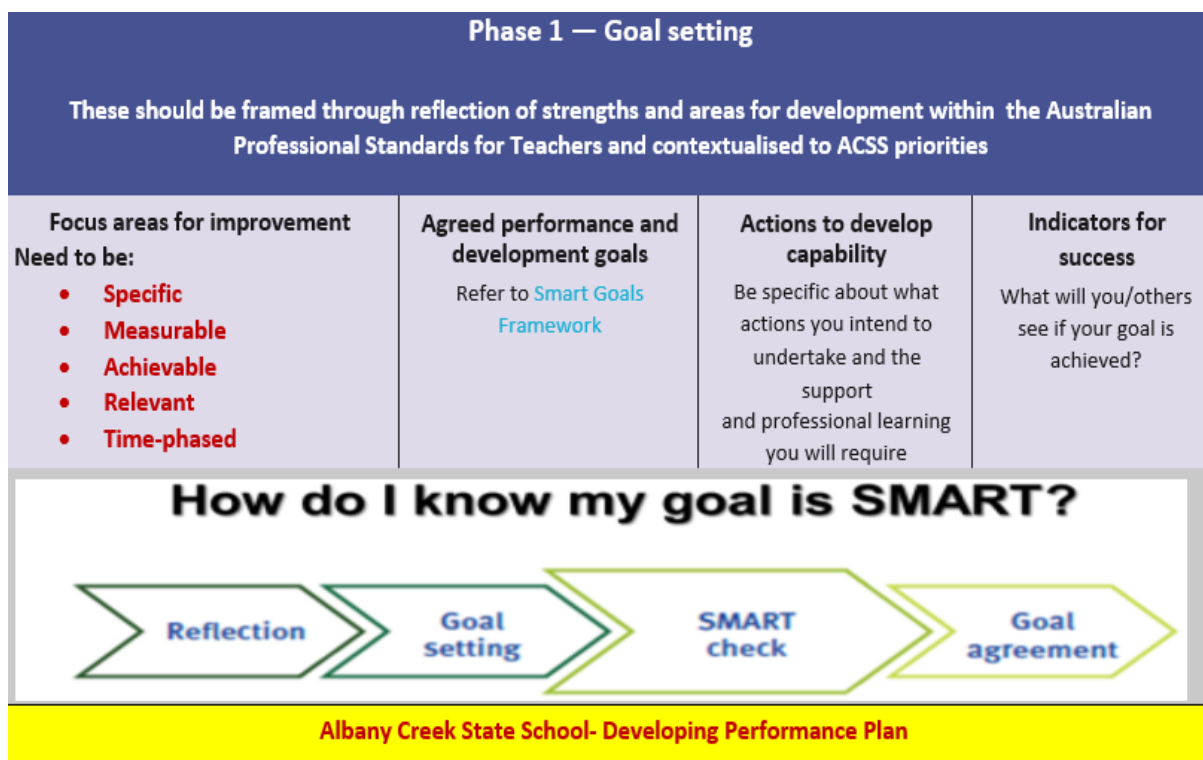

The School Opinion Surveys have indicated that 98% of parents/caregivers and 99% of students are satisfied that they are getting a good education at the school. In addition, 100% of parents/caregivers stated that Albany Creek is a good school and 99% of students stated that Albany Creek is a good school. Each of these percentages reflects our commitment to quality public education in a supportive environment with clearly articulated high expectations and our determination to maintain the high standards that have attributed to Albany Creek State School being identified by Education Queensland as a High Performing school.

In consultation with parents and caregivers, parent education programs are provided. These include the initiatives sponsored by Education Queensland. Albany Creek State School takes great pride in hosting many programs on behalf of the Metropolitan Region as they provide increased opportunities for parents and caregivers to be informed, to contribute to the education of children and to work with teachers to provide exciting learning environments for all. Many of these programs provided opportunities for parents and caregivers to learn how curriculum innovations are being implemented and how they as partners in their children’s learning can consolidate school learning experiences.

The school is fortunate to benefit from the highly commendable generosity of school volunteers. The school has a very active and supportive Parents and Citizens’ Association as well as a strategic and supportive School Council. The community strongly supports all extra-curricular activities that include a biennial Winter Carnival (school fete) and annual events such as a School Concert, a Fancy Dress Ball, a Bush Dance, Grandparents’ Day, a Public Speaking Competition and many other activities to provide parents and caregivers with opportunities to contribute actively to learning opportunities.

Parents/caregivers provide assistance with the school’s comprehensive inter-school and intra-school sporting programs and classroom support programs.

The school has a strong commitment to build an expert work force. Each year programs are implemented to respond to the professional needs of all staff. These programs have addressed individual learning requirements, school based priorities and systemic imperatives. A number of these initiatives are delivered in collaboration with colleagues from neighbouring schools. This strategic approach to the delivery of professional development initiatives is proving to be highly advantageous and rewarding for all.

The implementation of highly professional, respectful and engaging strategies to embed professional performance planning is adding significantly to staff satisfaction. These processes are identifying the specific professional and career aspirations of staff and leading to school actions to respond to the willingness of staff to make additional and innovative contributions to the Albany Creek School Community.

The capacity of the School Leadership Team to consult with and respond to the needs, suggestions and aspiration of the staff is seen to be an important factor attributing to the high level of staff morale.

We believe “Our School is what we make it” and we are determined to make it the best it can possibly be through collaboration, commitment, cohesion and collegiality.

Parent and Community Engagement

The Albany Creek State School Parents and Citizens' Association must be applauded for the dedication and commitment of its members.

The Association provides an excellent forum for parents and caregivers to share their views on a wide range of topics. These views are respected and have a genuine and positive impact upon school strategic planning and operations.

The Association provides support and guidance for a number of specific interest groups including two trading entities, the Tuckshop and Uniform Shop, the Preparatory Year Sub Committee and Music Support Group.

The School Council provides highly valued strategic leadership for the school community. It responds to systemic and school priorities and endorses plans, program and initiatives to enhance student learning outcomes. The School Council is responsible for endorsing the Annual Operational Plan (including the School Budget), guiding School Review processes and developing a detailed set of responses to the interrogation of data sets that inform staff, parents and caregivers on student and school performance.

Albany Creek State School has a highly commendable sense of community as reflected in the School Opinion Survey data. Parents and caregivers are invited and encouraged to take an active interest in their children's education. The collaborative actions of the Staff, Parents and Citizens' Association and School Council have made it possible for members of the School Community to participate in school forums, contribute to the school improvement agenda, support classroom learning activities and to celebrate successes.

The School Opinion Survey data suggests that parents and caregivers believe that the school is welcoming and engaging. The data also evidences improvements upon highly commendable survey data recorded in previous years.

The teachers have developed bonds with parents and caregivers that are exemplified by overwhelming support for school activities including open nights, curriculum forums, special days and events and parent teacher interviews.

At Albany Creek State School we strive to:

- support the School Council in its role as the strategic body for the school community; promote the importance of and the operations of the Parents and Citizens' Association;
- encourage parents, caregivers and members of the wider school community to share their expertise, knowledge and skills to enhance the learning environment for all students;
- enlist the expertise of staff and outside consultants to provide parents and caregivers with opportunities to understand how children learn and to appreciate the significant and lasting impact that partnerships between home and school have upon a child's life-long learning;

- ensure that school processes inform parents and caregivers of the progress their children are making at school; (These processes include much more than the issuing of semester report cards. Parents and caregivers are encouraged to make contact with school staff to discuss their child's progress. This open and welcoming approach is a corner stone of the school's culture.)
- have established school management practices that encourage and skill parents and caregivers to support student learning activities across all Key Learning Areas and;
- supporting parent groups including the Preparatory Group and Music Support Group.

At Albany Creek State School we believe that *"Our School is What We Make It"*. We are committed to working together knowing that our commitment and collegiality will deliver the best possible learning environment for all.

Our actions are intended to:

- Provide opportunities to participate in a variety of ways, times and places.
- Acknowledge and value parent and community participation in student learning.
- Explore and research ways as to how parents, caregivers and community members can participate in school activities due to the changing structure of our society.
- Continue to support systemically organised and well as school initiated volunteer programs.
- Ensure up to date communication process to provide timely notice to parents and caregivers so they can plan ahead to take an active role in school sponsored activities.
- Continue the various strategies to celebrate success, events of significance and to acknowledge achievements.
- Maintain a focus on genuine participation while monitoring the actions of a few who confuse overbearing intrusions with genuine participation.
- Providing opportunities for relevant open consultation at all levels to ensure authentic decision making processes reflect local needs.
- Ensure that executive members of the P&C and School Council are skilled and valued for the contributions that they can make to school decision making processes.
- Support P&C Queensland sponsored training and development activities.
- Continue the use of survey monkey tools to provide simple but effective opportunities to parents and caregivers to participate in decision making processes.
- Liaise with Aboriginal and Torres Strait representatives.
- Explore additional opportunities for students to be involved in the processes managed by the Student Council.
- Ensure that existing decision making forums and process for the staff are supported and their contributions are valued and celebrated.
- Ensure that the school is a hub in the local area.
- Enlist local expertise to support key initiatives.
- Identify Aboriginal and Torres Strait Islander communities and individuals.
- Extend the network and liaisons with relevant health professionals to support the comprehensive work of the School Support Committee.
- Continue making school facilities available for community use.
- Promote and build an appreciation that learning is not limited to the classroom.
- Harness the power of home and community to help cultivate a holistic learning environment.
- Identify strategies so teachers and parents work together to help children learn.
- Enhance community, industry and business knowledge to build stronger partnerships.
- Enhance the already strong relationships with local childcare providers.
- Provide practical literacy and numeracy activities that involve parents in homework.
- Provide parent/teacher workshops targeting areas of need or interest.
- Refine practices and procedures to support transitions between early childhood education and care facilities and school and transition of students to secondary school.
- Promote effective communication between parents, caregivers, members of the wider school community to build stronger partnerships.
- Demystify the confusion that can occur when school and education specific language is used.
- Ensure information on students' progress is shared in a positive and meaningful way.

- Clearly articulate shared expectations about school priorities.
- Continue to build stronger partnerships with local business and community groups.
- Expand the use of technologies to inform and engage parents and caregivers, including newsletters, websites and appropriate social media networks.
- Ensure the currency of school calendars and web site pages.
- Monitor the possible needs to communicate with families from non-English speaking backgrounds.
- Review school induction practices to highlight the importance of communications with parents, caregivers and members of the wider community.

Consolidate our culture of high expectations

Reducing the school's environmental footprint

The school is committed to improving its ecological footprint. Class recycling projects are in place. Strategies to minimise the use of water and power are being implemented. The school has been successful in securing assistance from the local council to implement more innovative measures. These commenced in 2013 and have continued following a detailed audit of recycling practices.

In 2013 the Business Services Manager implemented a number of waste management practices that reduced significantly the volume of materials being sent to landfill. These actions brought about a corresponding increase in the volume of paper and cardboard being recycled and a reduction in waste being taking to landfill. These practices have continued throughout 2014 and 2015 and have delivered pleasing results.

The installation of irrigation lines from rainwater tanks and the mulching of gardens have reduced the reliance on reticulated water supplies and are having a positive impact upon the presentation of the school.

Years	Environmental footprint indicators	
	Electricity kWh	Water kL
2012-2013	219,883	5,374
2013-2014	153,588	35,017
2014-2015	227,860	13,267

*The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Our staff profile

Staff composition, including Indigenous staff

The staff figures below are based on Equal Employment Opportunity (EEO) 2015 census. In accordance with the EEO privacy provisions and to ensure confidentiality, the 'less than 5' rule has been applied in schools whose Indigenous staff numbers are less than five.

2015 Workforce Composition	Teaching Staff*	Non-teaching Staff	Indigenous Staff
Headcounts	54	29	0
Full-time equivalents	46	18	0

Qualification of all teachers

Highest level of attainment	Number of Teaching Staff *
Certificate	0
Diploma	6
Advanced Diploma	0
Bachelor Degree	35
Graduate Diploma etc.**	7
Masters	6
Doctorate	0
Total	54

*Teaching staff includes School Leaders

**Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2015 were \$82,500.00.

The major professional development initiatives are as follows:

The teaching of Reading

- 2 full days of Reading to Learn professional development for all teaching staff (65 staff) delivered by Associate Professor David Rose, Sydney University
- 2 Twilight professional development sessions (3:30-6:30pm) for all teaching staff delivered by Associate Professor David Rose, Sydney University
- 8 full days of Reading to Learn professional development for key staff and new staff delivered by Associate Professor David Rose, Sydney University at Kenmore State School
- Master Class (8:00am-12noon) for all Reading to Learn staff delivered by Associate Professor David Rose, Sydney University
- 80 days of Coaching to support planning Reading to Learn cycles, implementation of Reading to Learn cycles and assessing student writing. Reading to Learn Coach supported 35 classroom teachers and 3 SEP teachers
- 1 day of Metropolitan Regional professional sharing for 4 staff members on Reading to Learn

Mandatory Training

- Completion of online Education Queensland Mandatory training by all staff members: *Code of Conduct, Safety and Well Being, Asbestos Awareness Training, Curriculum Activity Risk Assessment, Student Protection*

Implementing the Australian Curriculum – English, Mathematics, Science, History, Geography

- Four 3hr moderation sessions per term to build understanding of student achievement and assessment practice and inform further teaching and learning

Pedagogical Framework

- 2 hr professional development session on updating of pedagogical Framework
- 3 hour workshop for teaching staff to analyse student writing data and forming school wide writing goals

OneSchool Curriculum & Assessment

- 2 x 2 hr professional development session for teaching staff on OneSchool Electronic Roll Marking
- 15 x ½ day professional development for key teaching staff on writing OneSchool Unit Plans, using OneSchool Weekly Plan

Professional Performance Plans

- 1hr workshop on developing performance plans
- 3 hours per individual professional development meetings with all teaching staff

Behaviour Management – Whole School Implementation

- 2 x 2hr workshops on implementing new Buzza program, Positive Behaviour Program

The proportion of the teaching and non-teaching staff involved in professional development activities during 2015 was 100%

Average staff attendance	2013	2014	2015
Staff attendance for permanent and temporary staff and school leaders.	97%	97%	97%

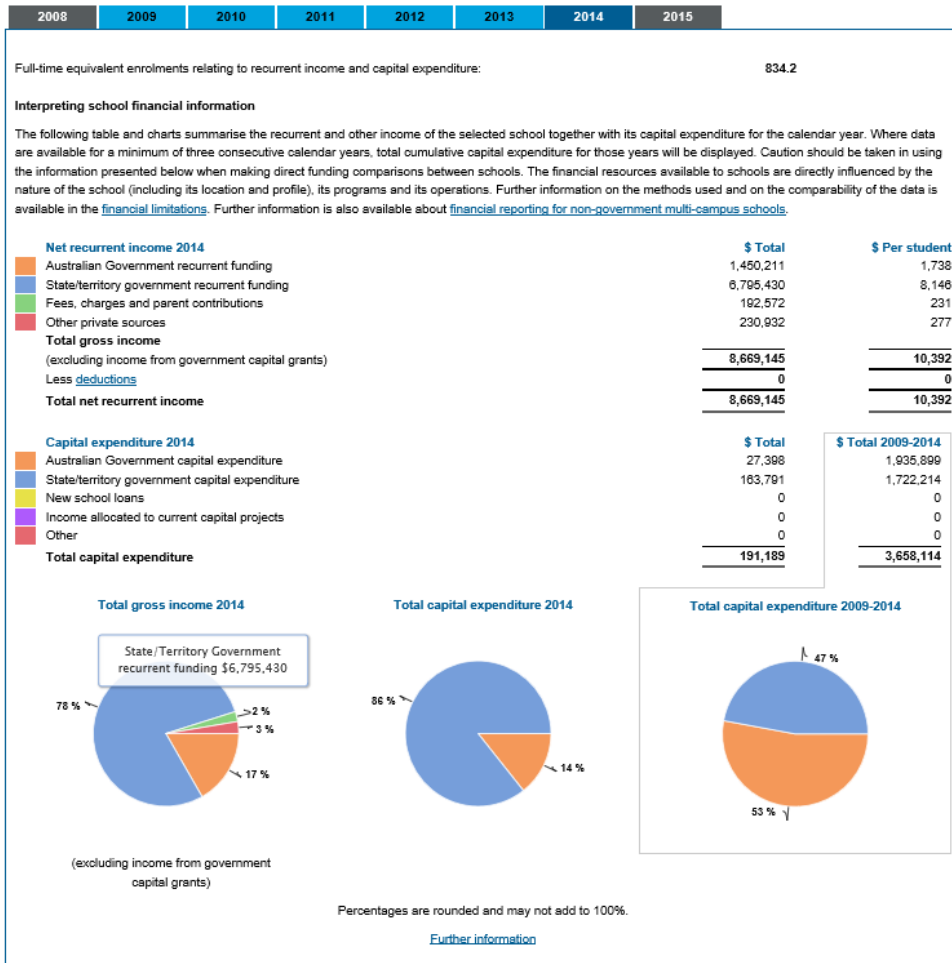

Proportion of staff retained from the previous school year

From the end of the previous school year, 97% of staff was retained by the school for the entire 2015 school year. Albany Creek State School is a 'school of choice'. Each year a significant number of teachers express an interest in securing positions at Albany Creek State School.

Performance of our students

Key student outcomes

Student attendance	2013	2014	2015
The overall attendance rate for the students at this school (shown as a percentage).	94%	95%	95%
The attendance rate for Indigenous students at this school (shown as a percentage).	93%	94%	95%

The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall attendance rate in 2015 for all Queensland Primary schools was 93%.

Student attendance rate for each year level (shown as a percentage)

	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
2013	93%	93%	93%	93%	95%	95%	93%	94%
2014	93%	95%	95%	95%	94%	96%	95%	94%
2015	95%	95%	94%	95%	95%	95%	95%	

*From 2013, the methodology used for calculating attendance rates effectively counts attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student attendance distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Class rolls are marked twice each day. The staff and the Leadership Team are provided with a list of student absences each day. When a student is away without notification and or returns without a note or call to the office to explain the absence, parents or caregivers are contacted.

In the event that a student has persistent unexplained absences formal processes are implemented.

Through various forums the “every day counts” message is promoted. While student attendance is most important, parents and caregivers are reminded that students who are unwell should remain at home until they recuperate.

Parents and caregivers are made aware of process to follow if students are likely to be away from the school for a prolonged period of time.

In 2016 with the implementation of online roll marking ‘unexplained absences’ parent/caregivers will be contacted on the day of an unexplained absence enquiring as to an explanation as the students absence in line with EQ policy. The rollout of QParents in Term 2 will assist parents in advising/monitoring students absence information.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5

The school results below are available within OneSchool. For parents/caregivers who are provided with a printed School Annual Report, NAPLAN results must be attached.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

¹ All NAPLAN indicators are based on Reading and Numeracy strands only and are aggregated across all applicable school NAPLAN test year levels.
² For test areas where there are between 1 and 20 assessed students, previous years' results are included until at least 20 assessed students or a maximum of four years is reached.
³ Results are compared to Similar Queensland State Schools (SQSS), those Queensland state schools = 30 ranks in ICSEA value. Relative gain requires a minimum of five instances across both strands.
⁴ of OP/IBD students ⁵ of students who complete Year 12 ⁶ of students not receiving an OP 1 to 15 or an IBD
⁷ From 2015, Exclusion represents principal decision to exclude rather than recommendation for exclusion. Exclusions, Cancellation and Long & Charge Suspensions may be upheld or be set aside on appeal.
⁸ Students with a verified disability in the Adjustment Information Management System (AIMS) in OneSchool.
